

HAR - Adding Descriptions

Please follow the below steps for adding step names/descriptions for each transaction in the HAR script

1. Open the recorded script and search for "Pages" entry in the script.

```
"pages": [{ "startedDateTime": "2016-12-13T07:55:39.815Z", "id": "page_1", "title": "http://sahitest.com/demo/training/books.htm", "pageTimings": { "onContentLoaded": 859.9610000001121, "onLoad": 875.251000001299 } }, { "startedDateTime": "2016-12-13T07:56:42.819Z", "id": "page_2", "title": "http://sahitest.com/demo/training/login.htm", "pageTimings": { "onContentLoaded": 29.318000000785105, "onLoad": 27.689000000464148 } } ]
```

and replace the value for "title" with the desired name for ex:- here replacing with the step1, step2

```
"pages": [{ "startedDateTime": "2016-12-13T07:55:39.815Z", "id": "page_1", "title": "step1", "pageTimings": { "onContentLoaded": 859.9610000001121, "onLoad": 875.251000001299 } }, { "startedDateTime": "2016-12-13T07:56:42.819Z", "id": "page_2", "title": "step2", "pageTimings": { "onContentLoaded": 29.318000000785105, "onLoad": 27.689000000464148 } } ]
```

After making changes save the updated script.

Now we can go ahead and create a scenario under Appvance Scenario Builder by attaching the updated script and running it.

2. The added step name should be reflected in the Appvance IQ controller window when the script completes.

Before adding description:

Appvance Unified Test Platform Logs		
	Functional Test	Details
▼ Iteration1		1069
▼ localhost		Working
▼ Testcase1 - 1		1069
1) Untitled1		1069 msec
▼ 1.1) http://sahitest.com/demo/training/books.htm		811 msec
http://sahitest.com/demo/training/books.htm		2603 bytes
http://sahitest.com/demo/training/common.css		563 bytes
▼ 1.2) http://sahitest.com/demo/training/login.htm		258 msec
http://sahitest.com/demo/training/login.htm		1477 bytes

After adding description:

Appvance Unified Test Platform Logs		
	Functional Test	Details
▼ Iteration1		1616
▼ localhost		Working
▼ Testcase1 - 1		1616
1) Untitled1		1616 msec
▼ 1.1) step1		1357 msec
http://sahitest.com/demo/training/books.htm		2603 bytes
http://sahitest.com/demo/training/common.css		563 bytes
▼ 1.2) step2		259 msec
http://sahitest.com/demo/training/login.htm		1477 bytes
