

Release 5.2.3

Release 5.2.3

This page is retained as a historical AIQ 5.2.3 release note. Release notes should preserve their original release context while using current documentation formatting and terminology where clarification is needed.

Review guidance

- Do not add unverified fixes, features, or behavior changes to historical release notes.
- Update terminology only to help readers connect older names with current AIQ areas.
- Check related upgrade, compatibility, and release-family links.
- Flag duplicated release-note content for consolidation into the release index if needed.

Validation checklist

1. Confirm the release number and page location are correct.
2. Verify links and references used by the release note.
3. Confirm the page has a final updated date and no stale review banner.
